

## **Bird Observers Outing**

**21<sup>st</sup> February**

**Buderim Forest Park, Harry's Lane off Lindsay Road, BUDERIM.**

A bright fine morning saw 18 members and friends attended this outing. The birds were possibly busy elsewhere nevertheless the walk was pleasant and there were some excellent sightings. Some people walked as far as serenity waterfall, others just enjoyed the boardwalk area. After morning tea we walked the perimeter of the oval along the creek edge. A relaxing lunch break on the green under shade concluded our morning out.
